Official Communication No. TNTEU/R/Circular/2012/ 2395 Date: 05.12.2012

Sub: Advice/instructions to avail VPNoBB Connections under NMEICT Project - BSNL - Reg.

Ref: Letter No. BB/Colleges/2012-13/50, dated at Chennai 14.11.2012 from the General Manager NWP (CFA), IVth Floor, Tamilnadu Telecom Complex, Chennai.

The General Manager NWP (CFA), BSNL, Tamilnadu Telecom Complex, Chennai in the letter under reference has informed that as part of the NMEICT project all UGC approved educational colleges are to be provided with 20 Nos of VPNoBB connections at 512Kbps speed, over a period of three years from the year 2010. The financial implications of VPNoBB connections is approximately Rs.5000/- per connections per year, out of which MHRD bears 75% cost of Rs.3750/- per connection per year, which will be paid centrally by MHRD to BSNL. Balance 25% bill amount of approximately Rs.1250/- + Service tax 12.5% is to be collected from the respective institutions. The payment is to be made by the colleges annually.

An NMEICT VPNoBB connection provides for conducting virtual classes ONLINE, offers e-learning through e-journals, e-books, and digital library. Also ONLINE web and video courses in Science and Humanities streams are conducted through NPTEL which enhances the quality of education in the country by providing free online courseware. Even in places which are not feasible by landline, BSNL is providing the connections through WI-Max wireless access wherever coverage is available.

In spite of the facilities offered under subsidized rates on Broader Objectives by MHRD, the reasons for not availing communication facilities & e-learning facilities by colleges is not encouraging.

Hence, the Managements of the Colleges are requested to avail VPNoBB connections under NMEICT project.
