Official Communication No.TNTEU/R/Circular/2012/ 2332 Date: 26/11/12

Sub: Tamil Nadu Teachers Education University – Instructions to watch University website every day to note the letters and circulars of the University - Reg.

Ref: Letter No.TNTEU/R/Affln./Circular/2012/1209, dated 22.11.2012 of this office.

It is brought to the notice that the Colleges of Education affiliated to this University are not at all watching the University Website regularly and an account of that they are not aware of the letters, circulars, instructions, etc., issued by the University from time to time. It is unfortunate to note that the colleges are so lethargic in discharging the duties and not even watching the University's website regularly.

It is a matter of routine affair that the staff members of the colleges visiting the University for various purposes state that they have not received any letters/circulars from the University.

It is also noticed with much disgust that the colleges also do not open the emails to verify the receipt of any letters/communications from the University. These lapses quite well establish that the Colleges of Education are not at all functioning properly and staff members including Principal are not at all available in the college offices.

The Managements of the Colleges of Education shall take a keen note that as informed in the circular cited, all the circulars relating to functioning of the colleges and instructions to the Principals will be uploaded in the website of the University except very important and urgent communications, with a request to the Managements and the Principals to open the University's website and get updated about the instructions from the University.

On these aspects, the Managements are strictly instructed to open the University website every day and also the emails of the colleges to receive various communications and instructions from the University. The Managements shall entrust this work to any one of the staff members with strict instructions to submit the communications received from the University through email and website to the Principal everyday without fail.

In the event of failure on the part of the Managements to act according to the instructions, the University will not be responsible for any consequences to the colleges if they do not get updated with the University's communications, instructions and circulars.

It shall be also noted that stringent action will be initiated for any lapse in this regard leading to suspension of affiliation granted to the Colleges of Education.
